

# INK MADE EASY.

Alternative inks for HP Scitex FB500/550, FB700/750  
Replaces FB250, FB251, FB794 inks.

Replace your HP inks with HotSwap Inks one color at a time as you run out. No need to flush lines or re-profile, simply plug in HotSwap Inks and continue printing.

## Why You Should HotSwap:

- ✓ **Color Matched:** Continue using your existing profiles.
- ✓ **Chemically Compatible\*:** No need to flush lines, simply change one color at a time as they run out.
- ✓ **Plug and Play:** Each ink comes with a chip that communicates with the printer.
- ✓ **Made in the USA:** Quality controlled and no long lead times or overseas freight charges.
- ✓ **Ink Train Warranty:** You're covered.
- ✓ **Instant Savings:** Huge savings over OEM prices. Users save **\$200 per ink container** on average!

\*Lines should be flushed when changing from another non-OEM ink.

## Additional Benefits with Qualifying Purchase:

- 25% off printhead cleanings for active ink customers
- One free printhead cleaning with the purchase of a complete ink set
